## Yardley Mural Dedication this Saturday October 17 @ Noon

This Saturday the new mural on the side of Firehouse Cycles in downtown Yardley will be dedicated at a noon ceremony. If you can attend, please come out and support this amazing public art project. [HERE](#) is the local story by the sponsoring group, "Experience Yardley." But, there's an AOY Art Center connection to this story as well.

Experience Yardley and AOY member Cindy Fatsis reached out to AOY in search of mural artists. An email went out over the summer and several people expressed interest. The gig went to AOY member Tony Napoli. Tony retired from Pennsbury HS a few years ago as Art Director/Teacher and, more importantly for this project, was the art coordinator of the Pennsbury Prom for many, many years! Other AOY artists including Renee Egan, Anne Gannon and Jo-Ann Osnoe spent long days painting and refining the mural with other community volunteers. It will serve the greater Yardley community well for many years and help promote Yardley as a destination to visit!

Kudos to all involved! #YardleyProud

## More Trees for Patterson Farm

The Lower Makefield Environmental Advisory Council has organized a massive tree planting project for November 7th and is seeking volunteers to help with the planting. The trees will be planted along the creek line on Patterson Farm (see map). The plan calls for planting 59 shrubs, 28 understory trees and 21 shade trees! Please click on the link below to sign up and for more information:
